Matthews New Super Satin Clear Gives Extreme Protection and Durability

DELAWARE, OH, March 22, 2012 - Designed to protect color-coated signage components and vinyl graphics or to highlight architectural metals, Matthews Paint's new Super Satin Clear ensures the extreme durability of both color and the substrate. In addition to the excellent UV and dirt resistance, it extends the color retention of MAP topcoats by more than four times.

This clear is 1.24 VOC compliant ready to spray. It can be sprayed, brushed or rolled. Super Satin Clear has a 10 Year Chalk Resistance rating (ASTM D4214 FLA-8). It sheds dirt, resists marring and abrasion, and it has exceptional gloss retention.

To learn more their products and training or to talk with Matthews Paint representatives, visit **ISA Booth Number #1726** or log on to www.matthewspaint.com.

About Matthews Paint

For more than 75 years, Matthews Paint has manufactured the highest quality of industrial coatings for their customers. As a major supplier to the architectural signage industry, Matthews Paint works with fabricators, designers and architects in coating technologies and color development including a library expanding to more than 70,000 colors. Matthews Paint continues to lead the industry with environmentally-minded products while maintaining high standards of performance.
